Welcome

Congratulations on choosing to enhance your Wisconsin Experience by studying abroad through the Wisconsin School of Business! This program handbook is provided to you as a resource and reference as you are preparing to go abroad. You will also receive information from your host university. Be sure to thoroughly read and understand information sent to you by the host university, as the information provided in this handbook is subject to change.

You will receive predeparture materials from CIEE that lists contact information in Chile.

Please review the partner's website carefully. If you have detailed questions that the website does not answer, you may contact CIEE directly.
Program Dates

Spring 2016 semester

The spring 2016 program dates have not yet been confirmed by CIEE. The program typically runs from late February through mid-July.

*Detailed semester dates will be provided to you by CIEE in your myCIEE account.*

Application Process

The following information is provided to you as a guide and reference. As partner processes and procedures may change, always be sure to carefully review the information they will provide you.

Because you have been nominated by UW-Madison for the study abroad program, you should be accepted by CIEE as long as your GPA of at least 3.0 is maintained through your departure. However, you must submit an application and supporting documents to CIEE in order to complete your enrollment. You are responsible for submitting forms and supporting materials to CIEE on time. Be sure to retain a copy for your files.

Application Deadlines

Spring 2016: November 1, 2015

Application Procedure

You will submit an online application to CIEE. First, create a MyCIEE Account through the application section of the CIEE website. Then, submit your online application and all supplemental forms directly to CIEE.

A few tips for your application are as follows:

- Select the Santiago Business & Culture program
- For your home university, select the University of Wisconsin-Madison School of Business
  - Select Sarah Melin as your study abroad advisor
  - If you select the correct program and university, you should not be charged an application fee
- For this program you will need to submit an official transcript and a language evaluation
  - Please note that you will need to ask someone to submit a language evaluation on your behalf. Evaluations should be from persons familiar with your college or university academic background and your reasons for wanting to study abroad. Evaluations should be from an instructor who knows you well. Provide evaluators with information on the program, including eligibility requirements, and be sure they are aware of your application deadline.

Housing

CIEE will arrange homestays with Chilean families where students live in a Spanish speaking home and provide three meals a day as well as laundry services. The host family stay constitutes an essential element to learning and integration into life in Santiago. Ongoing support is provided on an individual and group basis throughout the program.
CIEE provides more information about housing options on its Santiago Program website and will become available to you through your myCIEE account.

**Visa & Entry Requirements**

The following visa guidelines are meant to help you as you determine what steps you need to take to enter your host country for an extended period of study. The following information can change, so be sure to visit Travel.State.Gov and carefully review guidelines of the host country’s embassy or consulate for information concerning specific requirements. We do not always know when they make changes and this section serves only as an initial guide. While the International Programs office is willing to help with travel documents, it is the student’s responsibility to obtain the appropriate immigration documents.

To enter Santiago as a student in Chile, you will need:

1. **A passport** is necessary to enter a foreign country. Passport information and application forms for U.S. citizens can be found on the U.S. State Department website. Your passport should be valid at least six (6) months beyond the end date of your program. If your passport will expire before then, you should apply to renew your passport.

2. **A student visa** is required for U.S. citizens prior to departure. You should begin working on the required materials immediately as the process can take a long time. More information about the steps you will need to take can be found in your MyCIEE portal as well as the appropriate Chilean consular office.

Depending on your consulate requirements you will be required to obtain either an FBI Background Check or State Police Record. You will want to begin working on this as soon as possible. Most consulates also require HIV negative test results and a health certificate.

Non-US citizens: You should check with your home country consulate as well as the Chilean consulate regarding visa requirements. Permanent residents of the U.S. should also check with the U.S. Immigration as leaving the country for more than one year may jeopardize permanent resident status. Tax clearance and re-entry forms may also be necessary in these cases.

Remember that it is your responsibility to obtain a visa in a timely manner. This can be a complicated process, so be sure to start early.

**Finances**

As this is an affiliated (non-exchange) program, you will pay CIEE directly for their program fee. They will send you a program fee invoice and a due date by which you must pay the bill. The UW-Madison Bursar’s Office will send you a tuition bill as usual, but it will be for $0. This means that if you receive financial aid and scholarship money it is usually distributed to you as a check at the start of the semester for the “surplus” in your account. You can then use these funds to use to pay CIEE.

International Programs will invoice you and collect your payment for the mandatory CISI insurance. CISI insurance costs around $35/month and provides comprehensive health insurance coverage.

Most financial aid and scholarships that you already have may be applied to your term abroad. There may be additional scholarship opportunities specifically for studying abroad. Review our Scholarships and Financial Aid page for more details.
Academics

CIEE lists some courses in the catalog and on the Santiago Business and Culture web page. Many courses are worth 4 UW-Madison semester credits.

You will indicate the courses you hope to take on the course selection line of the academic section of the application. Once you arrive in Santiago, CIEE will help you with your final selection of courses.

All students enroll in one Spanish language course (next course in their sequence), Intercultural Business Challenges in Latin America (IB 365), and two elective courses offered by Universidad de Chile. All of the courses are taught in English; however if the student is has enough Spanish proficiency, he or she can enroll in classes taught in that language.

Our course equivalency database shows all courses that have been equated and their UW-Madison equivalencies.

Grade and Credit Conversion Scale

International Programs has established grade and credit conversions. Review the tables below to see how the grades and credits you earn abroad will appear on your UW-Madison transcript.

Life Abroad

A four-day orientation session at the beginning of the program introduces you to the city of Santiago, Universidad de Chile, Chilean culture, and academic program. The orientation includes specially-designed sessions on health and safety, local living logistics, and community engagement opportunities.
